

## ***WE MADE HISTORY***

On Sunday, August 20th, CTI and The First Baptist Church of Glen Cove hosted a rousing interfaith prayer service that attracted more than 200 people. According to many long-time Glen Cove residents, this was a first.

Led by Rabbi Huberman and Pastor Roger Williams, the program included heartfelt singing and prayer, as well as inspiring words from a range of clergy of different faiths. They called for unity to overcome racism, anti-semitism and all forms of hateful thinking and behavior.

Rabbi Huberman stressed: "We will not be divided...we will not give air to hate...rather, we will embrace as one...unity and diversity above all."

Based on the success of this awesome event, the Rabbi and Cantor will be contacting participating clergy, as we continue the positive momentum of this initiative to heal the world...tikun olam.
